1.37 in. Rainfall Soaks The District

A gentle rain commenced to fall on Tuesday evening continuing all day Wednesday, getting heavier at noon with up to the present an inch or more of rain, which is extremely welcome as drifting was affecting the crops in some parts, one farmer had to reseed a hundred acres. It will also help the late seeding. The grain was put in quickly and came up quickly. There are a few acres here and there to complete seeding. And now reports are coming in of grasshoppers, hatching out in large numbers, mainly from the west and a demand for bait will soon be coming in.

Council Minutes

The regular monthly meeting of the Council of the Municipal District of Harmony 12, was held in the Municipal Office on Thursday, May 7th. All members of the Council were present. Reeve Griffin presided. The minutes of the previous meeting were read, and on motion of Councillor Hopkins, same were approved.

Secretary read a communication from the Champion Consolidated School Board. In respect to collection of arrears of taxes, Councillor Matlock moved that this be tabled until July or August, when same will be thoroughly discussed. (Carried)

Secretary presented a communication from the Department, in respect to appointing a Fire Marshal. Councillor Hopkins moved that H. J. Higgins be appointed for this position. (Carried)

Communication was read in respect to a Weed Inspector for 1936. Reeve Griffin moved that this be tabled for another month. (Carried)

A discussion arose in respect to the grasshopper situation, and Councillor Ellis moved that J. D. McDougall be appointed as foreman for the mixing station. (Carried)

Councillor Hopkins moved that Secretary and J. D. McDougall be authorized to make all arrangements in respect to the Grasshopper Station. (Carried)

Secretary was instructed to notify all adjoining Municipal Districts that all farmers residing in Harmony District, must procure their supplies of poison bait from their own station, and that we will not be responsible for accounts to other mixing stations, this was in the form of a motion, by Councillor Ellis. (Carried)

Councillor Ellis moved that the following allocations be approved for public works for 1936, Division No. 1 \$1,055.40, Div. No. 2 \$1,601.98, Div. No. 3 \$851.28, Div. No. 4 \$783.40, Div. No. 5 \$620.94, Div. No. 6 \$853.25. General Machinery \$500.00. Total \$8,728.55.

Councillor Ellis moved, that in the event of any Councillor having spent to within \$50.00 of his allocation, that no further expenditures be allowed without consulting the Reeve and Council. (Carried)

Councillor Rosserville moved that we allow F. M. Watts the sum of \$75.00 for distributing relief feed and fodder. (Carried)

Secretary presented an account for Theresa Klein in respect to an hospital account. Councillor Matlock moved that this account be turned down, and that same be referred back to the village of Champion, as we are not responsible for this account. (Carried)

A discussion arose in respect to account of Sam Hansen. Councillor Ellis moved that we pay just the amount guaranteed by the Councillor. (Carried)

Reeve Griffin moved that Secretary forward bill in the amount of \$75.00 to the Village, for work done with engine and goods. (Carried)

Councillor Ellis moved that the secretary take up with the Department in respect to Wild Land taxes are showing on the Tax roll, the action carried.

Councillor Hopkins moved that the wages for grasshopper labor be the same as in 1935. (Carried)

Councillor Smith turned in his resignation as Councillor for Division No. 3. Councillor Rosserville moved that we accept the resignation. (Carried)

Councillor Hopkins moved that meeting adjourn at seven o'clock.

Triple Play By Champion Team

Staveland and Champion met on the local diamond on Sunday for the first game of the season. There was a good turnout of spectators to see Champion take the long end of a 12-7 score. Both teams displayed a good brand of ball. Hicks, Hargraves and Walker were on second and third when the batter bunted a fly. The bunt was caught by the pitcher, Hicks, who threw to third catching the runner there, the third baseman D. Latiff threw to second, where the third out was made by second baseman A. Latiff. Yorko playing for Staveland, drove in five of their seven runs with a home run and a two-bagger. J. Kulpas and F. Bouzay each made a three-base hit.

Wins Second Place

At the concluding session of the Lethbridge District Musical and Dramatic Festival held on Thursday May 14th, Champion High school orchestra won second place with 80 marks against Vulcan's 89. The adjudicator, Mr. Harold Gregson, said "The Champion High school orchestra played with good time, in time, and in time, and gave a very creditable performance. They did not attempt anything they could not do." The previous Tuesday nearly sixty competitors in the finals motored down to Lethbridge. The public school chorus was placed fifth, and the high school chorus was awarded seventh with a mark of 104 in a closely contested event.

Ice Cream Candies Tobaccos

Mrs. Hargraves received severe injuries to her hand on Tuesday when she caught it in the wringer of her electric washer. Ten stitches were required in the wound, the hand being badly lacerated.

Recent word from Mr. and Mrs. H. Bradfield of Scranton, Penn. indicates that they intend visiting the west this summer. Mr. and Mrs. Bradfield recently lost their only daughter, Beatrice.

PAIRIE PROVINCES FIVE-YEAR CENSUS, JUNE 1st, 1936

When the Government Enumerator Calls.....

THE CANADIAN GOVERNMENT INVITES THE WILLING CO-OPERATION OF EVERY CITIZEN

COMMENCING June 1st, the usual five-year census of the three Prairie Provinces will be undertaken. The object of this census is to gather statistics by means of which your Government can become more intelligently, more effectively and more economically in the interests of all citizens of the country.

No Government ever yet succeeded or gave its best without a thorough knowledge of its country and its people. That is why we ask your utmost co-operation in the census of the Prairie Provinces which commences on June 1st this year. When the Government Enumerator calls at your door, receive him courteously. Give him all the information for which he asks. Remember, he is the agent of good administration and is in your service. Help him to complete his work with all possible dispatch. On the accuracy and completeness of your replies to his questions depends the best interest of yourself and your Government.

ALL INFORMATION IS GIVEN STRICTLY CONFIDENTIAL You can place absolute trust in the official enumerator who calls on you. All information you provide will be held in the strictest confidence. It is compulsory by law to answer the questions put by the enumerator. But you are living up to the spirit of good citizenship as well as to the letter of the law by giving information readily, completely and sincerely.

CIGARETTE PAPERS

The League and World Security

Have the League of Nations proved a failure? Have the efforts of millions of people to put into effect the principle of collective security for the nations of the earth been abortive? Should the League, in the light of recent events, be abandoned and allowed to die? In fact, the League already gagged, helpless and practically defunct?

There are questions which are agitating the minds of peace-loving people in all the countries of the world to-day? Many who saw the birth of the League a few years ago as an insurance policy against future confagurations between the nations are now shaking their heads scornfully and are on the verge of abandoning hope. They are fearful that the nations are to revert to former practices and policies of "dog eat dog and the devil take the hindmost."

It is pointed out by these pessimists that to date the League has two apparent failures to its credit, or should it be said, to its discredit? They refer to the inactivity of the League when Japan two or three years ago was allowed to launch unbridled an aggressive campaign to bring Chinese territory under control—a process which is still being carried on, and more recently the failure of the League's attempt to stem the victorious march of Mussolini's troops into Ethiopia, by the application of economic sanctions. It is true that Mussolini has not achieved his immediate objective and not only conquered Ethiopia, but has also annexed the country as an adjunct to the Italian crown, despite the efforts of those countries which remained in the League to prevent Italy from gathering the fruits of her lawless enterprise.

The fact, however, should not be overlooked that while Italy has so far succeeded in her ambitious program of conquest in Africa, the nations have not yet withdrawn sanctions against her and that by the continued application of this form of pressure it is still possible to force the victor to disgorge, if not all, at least a portion of the spoils of an illegal war.

In other words the flouted members of the League still have it within their power to demonstrate to Mussolini that international lawlessness does not pay. All that is needed, as pointed out recently by the Winnipeg Tribune is decisiveness. "The members of the League," said the Tribune, "can, by showing a little courage and determination at this juncture make it more of a living and vital force than it has ever been," but this newspaper adds, "unless they show some courage and determination in the present circumstances the League of Nations and collective security will vanish like the mists of yesterday."

The Tribune further points out that Mussolini after all has only won the first race and is still racing against time in the application of the economic sanctions which are slowly but surely strangling Italy into submission. He cannot win that race unless the League members weaken and allow him to escape from the noose.

There are very good reasons why wavering faith in the League should be restored. One of them is the urgent desire of the great nations of the people in the majority of the countries of the world for peace and security, so essential if economic recovery and progress is to be made. All that is necessary for these people to strengthen the hands of their representatives by impressing upon them this viewpoint.

Another and very potent reason is the necessity for continuance and strengthening of the League and its powers if civilization is to be preserved. There is no blinking the fact that the majority of the European nations are armed to the teeth and that in some cases at least, conquest and subjugation are unrevealed motives. If that is true, a strong League is the only hope of security from further aggressions which may well involve the entire world.

Warnings of this very grave danger have recently been uttered by some of the outstanding statesmen of several countries and they are warnings that should not go unheeded. That such a war is not only possible but "inevitable" is the opinion of General Ludendorff of Germany who makes this very clear in his new book whose very title is significant, "The Total War". According to a commentator on this book in *Les Annales de Paris*, Ludendorff only admits a war which engages the existence of the entire nation—men, women and children; in other words, a war conducted without mercy. "It is only aim being the total annihilation of the enemy."

Apparently a strengthened and revived League is the only hope of security the nations can expect against such a "war of frightfulness."

The greatest of the fancy spectacles Germany bought nearly two-thirds will tell you that, contrary to popular belief, one doesn't need strong ankles to succeed at that sport.

Insects devour one-tenth of the world's crops. Industrial production in Austria is at the highest point since the world war.

Must Discard Old Clocks

Los Angeles has ordered 200,000 sixty-cycle clocks to replace the present 50-cycle time keepers that will be outmoded as soon as the Boulder Dam electric system gets into operation. Otherwise the old clocks with the new 60-cycle impulse would make the citizens speed up 20 per cent. faster than previously.

He Was Starved

An unidentified man came into a Tampa, Florida, restaurant and announced he was hungry. He proved it by eating 17 steaks and 34 rolls and drinking 14 bottles of beer in two hours and a half.

Those who suffer from acid should avoid three fruits—cherries, cranberries and plums.

Demonstrates Plastic Surgery

Doctor Fashions New Ear From Portion Of Rib

Taking part of a human rib to build a new and shapely ear by plastic surgery was demonstrated to the American Medical Association at Kansas City by Earl C. Padgett, M.D.

The piece of rib, taken from the cartilage at the base of a rib, formed the shell-shaped framework for the synthetic ear. The skin to cover this cartilage, and to form the soft "flesh" "flesh" constituting the ear's outer border, is taken from the neck.

Afterward the skin thus lost to the neck is replaced by skin taken from the thigh so that no neck scar is apparent.

The skin from the neck upon which depends the final slightness of the new ear is moved by detaching it first to the temple by the plastic method known as the pedicle flap which resembled the handle of a suitcase. After this flap has been attached by one end to the temple area so that it gets its blood supply from that point by contact, it is ready to be dropped down over the new ear structure and be moulded into place.

WAKE UP YOUR
LIVER BILE—

And You'll Jump Out of Bed in the Morning

The three should eat two pounds of food into your bowels daily. If this food is not taken, it will be the cause of indigestion, constipation, flatulence, and the world looks queer.

A new movement does "wake up" the liver. You need something that works on the liver. It is the only organ that can be made to work. It is the only organ that can be made to work. It is the only organ that can be made to work.

For the liver is the only organ that can be made to work. It is the only organ that can be made to work. It is the only organ that can be made to work.

For the liver is the only organ that can be made to work. It is the only organ that can be made to work. It is the only organ that can be made to work.

For the liver is the only organ that can be made to work. It is the only organ that can be made to work. It is the only organ that can be made to work.

For the liver is the only organ that can be made to work. It is the only organ that can be made to work. It is the only organ that can be made to work.

For the liver is the only organ that can be made to work. It is the only organ that can be made to work. It is the only organ that can be made to work.

For the liver is the only organ that can be made to work. It is the only organ that can be made to work. It is the only organ that can be made to work.

For the liver is the only organ that can be made to work. It is the only organ that can be made to work. It is the only organ that can be made to work.

For the liver is the only organ that can be made to work. It is the only organ that can be made to work. It is the only organ that can be made to work.

For the liver is the only organ that can be made to work. It is the only organ that can be made to work. It is the only organ that can be made to work.

For the liver is the only organ that can be made to work. It is the only organ that can be made to work. It is the only organ that can be made to work.

For the liver is the only organ that can be made to work. It is the only organ that can be made to work. It is the only organ that can be made to work.

For the liver is the only organ that can be made to work. It is the only organ that can be made to work. It is the only organ that can be made to work.

For the liver is the only organ that can be made to work. It is the only organ that can be made to work. It is the only organ that can be made to work.

Have Seen Great Changes

Two Halifax Ladies Remember Days Of Sailing Vessels

Two elderly Halifax women—their ages total 167 years—look forward with interest to the maiden voyage of the super-liner Queen Mary.

Both of them are something in the nature of ancient mariners. Mrs. Fanny Lenoir is the only person living who set foot on the little steamer Britannia when it sailed into Halifax harbor on its first voyage in 1840.

The other elderly seafarer, Mrs. Loring W. Bailey, crossed the Atlantic ocean from Liverpool to Halifax in the Cambria, a side-wheeler with sails 87 years ago. Both were six years old when they stood on the decks of their vessels.

Passage of years has not dimmed the memories of her first ocean crossing for Mrs. Bailey. Her father came to Canada to become chief superintendent of education in New Brunswick, she recalled.

Cheery and still active in spite of her 103 years, Mrs. Lenoir remembered the arrival of the little Britannia vividly. She folded her arms and recalled the excitement of old Halifax in 1840.

"Word got around the Britannia was coming up the harbor," she related. "I was only a child but my mother gave my sister Lucy and me permission to go down to meet it. We lived not far from the wharf."

She told how a "gentleman in a tall silk hat," came down from the boat and took her sister and herself aboard. "My it was exciting," the old lady exclaimed.

Mrs. Lenoir has seen the ocean steamers change from wood to steel and expressed keen interest in the new liner Queen Mary. "It would be wonderful to see it," she said.

Will Appeal To Travellers

Air-Conditioning Of Trains Will Mean Greater Comfort

One of the irritations of railroad travel was the dust and smoke that filled nostrils and eyes and smudged faces and clothes. Railway officials talked much but did little about remedying the condition. It is gratifying to note that they have now set out in earnest to cure the defect. It is announced that on all main lines of the C.N.R. the coaches are to be air-conditioned. Most U.S. lines have already installed this equipment.

The public will be as ready to praise the development as it was to criticize previous indifference. Air-conditioning will not only bring in pure air free from cinders and smoke, but will keep interior temperatures cool in summer and warm in winter.

It is by devising and installing comforts of this nature that the railways may hope to win back the good-will and patronage which has been lost. There are many obvious advantages to train travel and these can be capitalized if made sufficiently attractive.—Toronto Telegram.

Honored After Many Years

Body Of Lepor Apostle Now Rests In Belgium

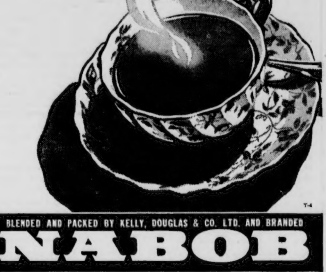

Father Damien, Belgium's famous "lepor apostle," who spent most of his life on the leper island of Molokai, Hawaiian Islands, was buried in a crypt at Lourvain, Belgium, after lying in state at the Holy Heart chapel. Thousands filed past his coffin and prayed. A monument is being erected to his memory. The body of the priest was taken to Belgium for belated recognition of his work. He died in his voluntary exile among the lepers of Kalaupapa, February 15, 1889, and the body was exhumed for the trip back to his homeland.

Halstead street, in Chicago, containing representatives of practically every race in the world, is more than seven miles long.

TEA
with flavour

NABOB TEA is specially blended from the choice tender young leaves of the finest Indian and Ceylon teas. When you get a really good tea be sure to order NABOB.

SELECTED RECIPES

BROWN BREAD

1 cup wholewheat flour
2 cups wheat flour
1 teaspoon baking powder
¾ cup Edwardsburg "Crown Brand" Corn Syrup
2 cups sugar
1 cup flaked bran
1½ teaspoons soda
2 teaspoons salt
1 tablespoon Mazola

Mix dry ingredients; add syrup, Mazola and sour milk. Beat well. Pour into oiled bread pan and let stand 1 hour. Bake in moderate oven at 350 degrees F. for 1-1½ hours. Recipe makes 1 large loaf.

Sir James Barrie

Author Of Peter Pan Celebrates His 76th Birthday

Sir James M. Barrie spent his 76th birthday quietly on May 10th in the famous flat where the immortal Peter Pan was born.

Callers who were not allowed to see him were assured by his Scottish housekeeper that the famous author was "Verra well, thank ye kindly."

Sprigs of heather brought greetings to the "author who will never grow old" from his native Kilmorie, while other friends remembered him with flowers and telegrams.

Here is a suggestion for the Boster club, to co-operate with the other towns along this line in urging the government to construct the proposed hard surfaced highway through this district, as our present highway is more suitable for the purpose.

With reports coming into the municipal office that hoppers were hatching out in alarming numbers in different parts, arrangements were made to open the mixing station in the tank with J. D. McDougall in charge and bait was available on Wednesday.

Work on the local golf course has been completed. The ways have been dragged, greens reared off and benches have been added to the grounds. Golf players are much in evidence and with the large membership now enrolled an interesting season is anticipated.

Mrs. F. Caldwell was a tea hostess on Friday when she entertained ten ladies complimentary to Miss Florence Ulrich, who leaves this week for P. Island. During the afternoon the guest of honor was presented with a book, by the ladies present and a pair of outwork pillow slips by the hostess.

In Memoriam

In loving memory of G. F. Smith, who passed away May 20th 1935.
May heavenly winds blow softly
Over the sweet undisturbed spot,
Where one we loved lies sleeping
Who will never be forgot.

Mrs. Nellie D. Smith.

In Memoriam

In loving memory of my dear father G. F. Smith, who passed away May 20th 1935.
I miss you when it's cloudy,
And when the sun shines bright.
You were a real good dad to me,
So tender, kind and true.

George Smith.

F. G. Beaumont, Barrister of Carmangay will be at the Chronicle office every Tuesday morning.

Horses For Sale

Seven head of good work horses for sale. Apply to Milt. Moffatt.

Planning for 1st July

A special meeting of the Elk's lodge was held in the Community hall on Sunday when preparations for a big day here on July 1st were discussed. Committees to investigate and handle the various sport items were appointed. The best of music, baseball, softball, athletic sports and other attractions will be supplied, finishing as usual with a big dance in the evening. Special attention is being paid to booths on the grounds, which will supply all necessary adjuncts to a care free day.

Dignan—Graham

The marriage of Miss Ruby Graham of Calgary to Roy Edward Dignan of Vulcan was solemnized in Lethbridge on Tuesday, May 12th. Rev. C. H. Phillips officiated at the ceremony. Mr. and Mrs. Dignan passed through Champion on Tuesday evening's train and were greeted at the station by the former pupils of Mrs. Dignan, when best wishes were extended to the couple. Mrs. Dignan formerly taught music in Champion.

Tanner M. L. A. To Speak

There will be a Social Credit meeting held on Thursday, May 28th at 8:30 p. m. in the Community hall dining room. N. E. Tanner, M. L. A., speaker of the house and Rev. Peter Dawson, M. L. A. will be the speakers.

Among Lethbridge visitors Saturday were: Mr. and Mrs. L. Price, Mrs. Lettiff, Rev. and Mrs. Dawson, Mrs. F. Clever, Guy Dow and family, G. Davey, H. C. Jopling and Marvin Tusley.

Mrs. Campbell's group of the Ladies Aid will hold a cake sale on Saturday May 30th from 3 to 6 p. m. place to be announced. Cakes of all kinds, but in order that you may be sure of getting the kind you want phone your order to Mrs. H. T. Lamont or Mrs. J. D. Henderson.

A surprise party was held Saturday evening at the home of Mr. and Mrs. Harry McNaughton, honoring Joe McNaughton, who left Monday for Spokane, where he will continue his musical studies. A number of young people from town were present and spent a very enjoyable evening.
